```

Result Grid | Filter Rows: | Export: | Wrap Cell Content: |

	City	Availability	Total_Customers
▶	Delhi	3	25
	Mumbai	10	95
	Bangalore	35	133
	Chennai	10	36
	Kolkata	3	17
	Hyderabad	18	78
	Ahmedabad	0	23
	Pune	7	36
	Jaipur	0	9
	Lucknow	2	3

- Bangalore shows the highest availability concern, followed by Hyderabad and Mumbai, indicating distribution gaps despite customer presence.
- Cities with higher availability-related feedback suggest demand exists but accessibility may be limiting growth.
- Improving product reach can directly support customer acquisition and retention.

Recommendations

- Consumers prefer to add more natural ingredients or wellness-focused ingredients, different taste/flavour and reduce sugar content.
- The packaging should be compact and portable like cans with visually appealing designs.
- Increasing product availability.
- Generally, the price should be between ₹50-99 for our standard /regular variant and ₹100-150 for a premium version of it.
- Primary target audience should be fitness enthusiasts, students and active career professionals as our top use cases are sports/exercise and studying/working late.
